Subject: Rosemont Copper Mine aproval

Categories: Blue Category

I live in Tucson, but I once lived in South Africa, where mining was an accepted practice. Mining provides good paying jobs to many people, and the Rosemont Copper mine also plans on doing just that. The mine will help bring more revenue to the economy, and that is needed in Arizona.

I hope you are able to help the plans move in the right direction, and thank you for the work you have put into the project.
